

Joint Erasmus+ Traineeship Motivation

Omer Vural & Rabia Muge Emiroglu
Tourism Guidance Graduates - Aksaray University

Dear Hiring Manager,

We are two recent Tourism Guidance graduates applying together for an Erasmus+ traineeship. We are looking for a practical opportunity where we can combine our tourism education with our strongest professional area: digital production, automation, marketing, and office operations.

We have advanced practical experience with AI-assisted development and vibe coding. We can build and update modern websites, create workflow automations, manage social media and content calendars, produce reels and visual materials, organize Excel-based data, and support digital marketing, reservations, email, and general office workflows.

Our Tourism Guidance degrees help us understand destinations, visitor expectations, and the daily needs of tourism businesses. This combination allows us to turn ideas into useful digital solutions while communicating clearly with both the team and international audiences.

We apply as a pair and can share one accommodation arrangement. Our Erasmus+ grants cover our main initial expenses. If available, modest accommodation, meals, transport, or pocket-money support would be greatly appreciated, but we are open to discussing what is realistic for the host.

We want a balanced and meaningful traineeship: we will contribute reliably during the agreed working schedule, while using our free time to understand the local culture and discover the region. We believe this combination will help us become stronger tourism professionals and thoughtful representatives of the destinations where we work.

Omer and Rabia Muge both bring hands-on experience in AI-supported workflows, web design, social media, digital content, and visual production. Omer also brings fluent English and systems-oriented automation skills; Rabia Muge contributes creative direction, design awareness, and multilingual communication. Together we can manage connected digital projects from idea to working result.

Thank you for considering our joint application. We would be happy to continue by email, answer any questions about our work, and provide the documents needed for an Erasmus+ Learning Agreement.

Warm regards,

Omer Vural & Rabia Muge Emiroglu

HOSPITALITY OPERATIONS SPECIALIST & TECH-SAVVY PROBLEM SOLVER

A highly motivated Tourism Guidance graduate (GPA: 3.15/4.00) preparing for an extended Erasmus+ internship in Spain. I view my previous short-term roles in five-star operations (Rixos, Dedeman, Meliá Berlin) as intensive learning phases that built my rapid adaptability and resilience. My true strength lies in a unique background combining hospitality with deep technical community management (managing large-scale game servers, software troubleshooting, and AI integration). Backed by an upcoming Erasmus+ mobility grant, I aim to channel this crisis-management and analytical mindset into a Guest Relations role, offering a long-term, stable, and highly adaptable asset to your hotel's front-of-house team.

HOSPITALITY EXPERIENCE

- Hospitality Operations Intern** ERASMUS+ MOBILITY JUN 2023 – SEP 2023
Meliá Berlin · Berlin, Germany
- Demonstrated **rapid adaptability** to premium European brand standards within a high-traffic international environment.
 - Collaborated seamlessly within a multicultural team, strengthening bilingual service delivery and cross-cultural operations.
 - Gained hands-on intensive experience in maintaining strict corporate hygiene, quality assurance, and workflow efficiency.
- F&B Service Specialist** JUN 2018 – AUG 2018
Rixos Otel · Konya, Türkiye
- Navigated a fast-paced luxury resort environment, quickly learning to deliver five-star service to diverse international guests.
 - Utilized **dynamic problem-solving** to resolve floor issues and guest requests under high-pressure peak hours.
- Hospitality Support Intern** JUN 2017 – AUG 2017
Dedeman Otel · Konya, Türkiye
- Supported comprehensive front-line operations, establishing a solid foundation in traditional five-star corporate guidelines.

EDUCATION & GLOBAL MOBILITY

- B.Sc. Tour Guide Training** AUG 2020 – FEB 2025
Aksaray University · Aksaray, Türkiye
- GPA: **3.15 / 4.00** — Graduated
 - Core Focus:** Guest Relations, Interpersonal Communication, Hospitality Management, Tourism Law, Intercultural Studies.
 - Eligible and preparing for the upcoming post-graduate Erasmus+ Internship Mobility Grant (Targeting Fall 2026).
- Erasmus+ Student Exchange** STUDY PROGRAM SEP 2023 – FEB 2024
Kauno kolegija · Kaunas, Lithuania
- Curriculum:** International Management, Tourism Resources, Communication Psychology, Business Philosophy.
 - Proved ability to thrive in international settings, developing advanced intercultural awareness and academic discipline.
